# Casting, Forging and Machined Parts

We have a total supply chain for various type of

> **CASTING** : Sand, Investment and Centrifugal castings of Iron, Steel, Brass & Aluminum

> **FORGING** : Forging of up to 100 kg of components

> **TOTAL MACHINING SOLUTIONS** : We have facility for machining range starting from precision to Ultra precision machining of parts.

We can supply a wide gamut of machined parts suitable to various industry segments. Our expertise is in supplying customized components as per customers' needs.

**Following are the industry segments we serve :**

-  Aerospace and Defense (With required AS9100D and ISO 9001:2015 certification)
-  Renewable energy
-  Electrical & Electronics
-  Automotive
-  Pump and Valves
-  Engineering Machineries
-  Agricultural
-  Other special purpose requirements.

We boast of having state of the art manufacturing facilities to suit varied requirements and capacity to deliver the required quantity as we are situated at one of the biggest hubs of Engineering products and machinery manufacturing in India. Our suppliers follow standard industrial practices and are having relevant international quality certifications and manufacturing facility.

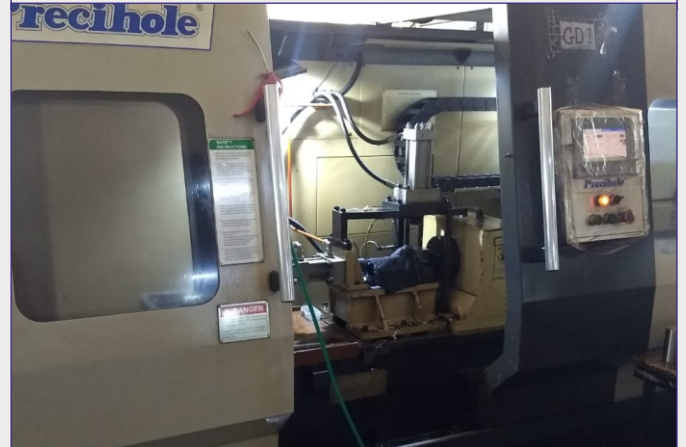

We also serve to supply fabricated and total assembled parts as per customer's requirements.

## Manufacturing Facilities

5 Axis Machining Center

Deep Hole Drilling Machine

An Array of Vertical Machining Center

Series of Turning Centers

CNC Wire Cut EDM

Grinding Facility

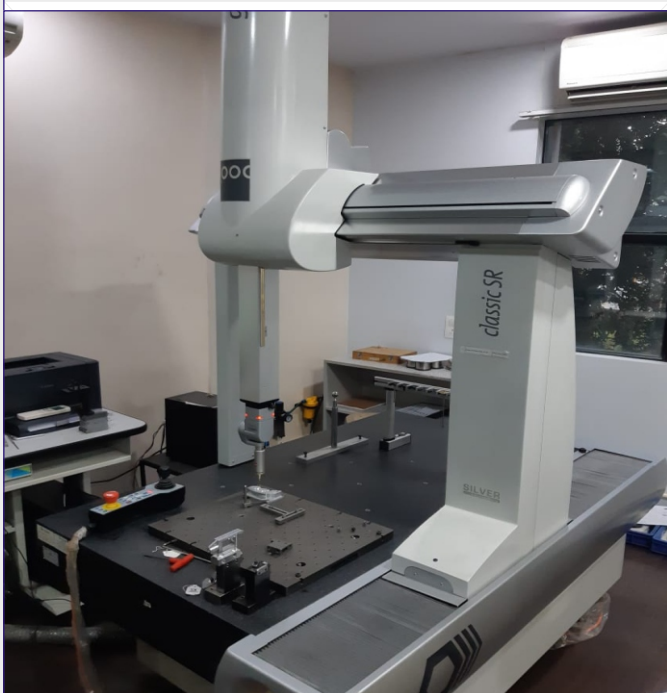

CNC Turn Mill Center

Double Column Machining Center

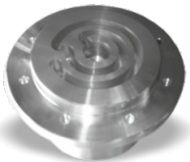

CMM

Heat Treatment Facility
