Metal Cutting & Forming Solutions

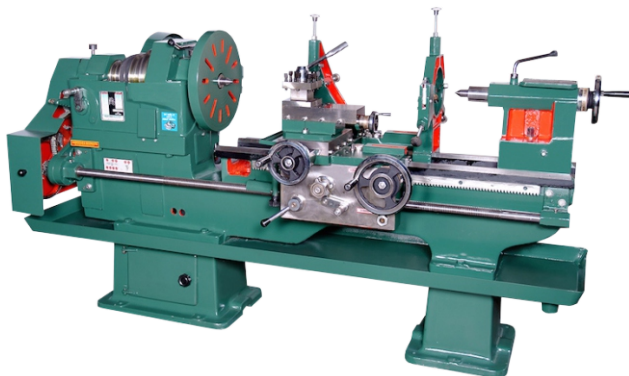

Metal Cutting and Forming Solutions

We are expertized in supplying total range of small to mid-sized metal cutting and forming machinery. We guarantee to supply exact machines suitable to your needs as we act as **solution provider** rather than simple machine supplier. All our manufacturers are ISO certified and follow strict manufacturing processes. We assure you of best after sales support for the entire life of the machine.

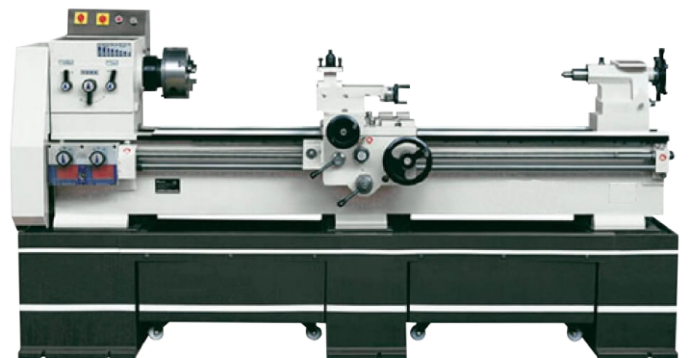

We provide total **TURNKEY SOLUTIONS** to supply all the machineries required for setting up a Tool Room or a Machining shop. We also provide **TOOLED-UP** solution where all necessary Tolling/Fixturing/Measuring solutions are provided along with the machinery setup.

Following are few of the glimpses of machine tools we supplies. Request you to provide the technical need along with the intended use of the same so that we can provide exact product suiting your requirements.
